

Angeline Rusu

First impressions of Connie (Hope Imaging and Sparrow Solutions Group)

Angie first met Connie in Haiti on a training ultrasound mission trip with Hope Imaging. Her transparent, easy going personality and love for God's work in developing countries really attracted Angie to Connie.

After 3 mission trips together, Angie has come to learn more about Sparrow Solution's vision and purpose. She has witnessed how SSG thrives not only for life affirmation and PMC's support, but also performs with excellence.
