# Peer Review and Development

As Executive Director of a PMC, you may find that you have only one RN or RDMS serving on your team. Having her skills assessed by an outside consultant will provide the organization with the documentation you need to ensure that each one is providing care in the manner expected on a national level.

If you have an existing RDMS or are considering hiring one, this course may be just what you need to insure PMC quality care, help build healthy expectations, and prevent misunderstanding about PMC best practices.

## Program Overview

### Scope of Service:

- 1) On-site training with one Sparrow Leadership consultant
- 2) Up to 4 hours preparation with ED/CEO
- 3) Up to 8 hour review includes didactic, imaging, hands-on scanning assessment, and evaluation of credential-appropriate patient-care practices
- 4) Up to 2 hours additional training from a distance, topics to be determined

### Objectives

- 1) Assess patient care as it relates to life-affirming opportunities
- 2) Evaluate the course of action selected in “out of the ordinary” situations
- 3) Build a plan for professional development based on personal and organization needs
- 4) Fulfill medical standard of Peer Review for those serving in the PMC based on PMC practices from a national perspective
